Resident Spotlight

This month's Resident Spotlight is on one of our lovely couples, Bob & June Pell. Mrs. June's cousin brought Bob over and introduced them. They married in 1954 in June's grandmother's living room with a borrowed wedding ring and a few friends and family.

They have 4 children, 11 grandchildren, 15 great-grandchildren, & 2 great-great-grandchildren. Bob worked for Coca-Cola in Chattanooga for 41 years and he said June had the hardest job staying home raising their kids. Bob stopped attending school in the 10th grade but went back decades later and graduated & received his diploma with his son. This was a special moment they will never forget. Their marriage is a beautiful example of true love: 71 years and counting.

A Floral Favorite

With more than 100 million of them grown for Valentine’s Day alone, the rose is one of the most popular flowers in America.

- There are at least 100 different species and thousands of varieties of roses. Hybrid tea roses make up the majority of the roses found in flower shops and home gardens.
- President George Washington was the first rose breeder in the U.S.
- It’s been a longtime tradition to convey a message by using a rose’s color. For example, red is associated with romance, pink signifies gratitude, and yellow expresses friendship.
- The rose is America’s national flower, as well as the official flower of four states: Georgia, Iowa, New York and North Dakota.
- Rose hips are the plant’s berry-like fruit. Rich in vitamin C, they are used to make tea, jam and herbal remedies.
- The Juliet is the most expensive rose variety. This apricot-colored bloom cost \$5 million and took 15 years to develop.
- The Tuscany region of Italy is home to the world’s largest private rose garden, which features more than 7,500 different varieties of the flower.

National Wear Red Day

February is American Heart Month, and at the “heart” of the campaign is “Go Red for Women,” an educational movement to spread knowledge about heart disease in women. Wear red on the first Friday in February, National Wear Red Day, in support of women affected by cardiovascular illness.

Valentine’s Day Treat

Conversation hearts, also known as candy hearts or Sweethearts, date back to the late 1800s when Oliver Chase and his brother Daniel created the sugary treats. They used vegetable dye to print words on what were originally scallop-shaped confections. Phrases were much longer then, with sayings such as “Married in white, you have chosen right” and “How long shall I have to wait? Please be considerate.” In 1902, the famous heart shape appeared and simpler prints came out, like the familiar “Be Mine” or “Kiss Me.”
