Time Change

Daylight saving time begins at 2 a.m. on the second Sunday in March. Be sure to "spring forward" the night before by setting your clocks an hour ahead, and consider going to bed early to help you rise and shine on Sunday morning instead of sleeping in.

Time for Tulips

A signal of spring's arrival is the annual appearance of tulips, one of the most popular flowers. After bulbs are planted in the fall and spend the winter being dormant, their perfectly shaped petals, atop long green stems, emerge as showstopping blooms.

3 Things You Need to Know

Celebrate spring by brightening your home with a bouquet of fresh flowers.

1) Most florists restock their shops on Monday mornings, so that's a good time to place an order.

2) When you get your flowers home, use a knife to cut the stems at an angle, and then place them in tepid water. Change the water every other day.

3) Keep your flower arrangement out of direct sunlight, which can cause the blooms to wilt faster.

A River Runs Green

In a tradition that started in 1962, the Chicago River is dyed green to kick off St. Patrick's Day festivities in the Windy City. Crews working from boats pour 45 pounds of a top-secret, vegetable-based powder dye into the water, turning the river bright green.
